**Audubon Nature Calendar 2009** National Audubon Society

Deep in the Grand Canyon, a misty waterfall splashes into an aquamarine pool. An orange and red sunset glows against the rippled dunes of White Sands National Monument. Wispy clouds cloak Washington's rugged, snow-dusted Mount Shuksan. Dramatic, pristine, and grand in scale, each of these full-color images is an impressive tribute to the power of North America's wilderness.

#### **Michael Gage:**

As a college student exactly feel bored to help reading. If their teacher asked them to go to the library or make summary for some book, they are complained. Just tiny students that has reading's heart and soul or real their passion. They just do what the professor want, like asked to the library. They go to there but nothing reading significantly. Any students feel that looking at is not important, boring in addition to can't see colorful photos on there. Yeah, it is being complicated. Book is very important for you. As we know that on this period, many ways to get whatever we want. Likewise word says, many ways to reach Chinese's country. So , this Audubon Nature Calendar 2009 can make you experience more interested to read.
