Marie Joseph Louis Adolphe Thiers

The product of twenty years of laborious hard work, this is the definitive work on Napoleon and his times at the helm of the French Nation, written by no less than the first President of the Third Republic.

Thiers moved in the highest circles of society and met with many of the surviving generals and statesmen of France and her opponents and wove their recollections into this monumental history. Filled with a particularly Gallic flavour without going into hero-worship, this multi-volume history has stood the test of time.

Napoleon's power reaches its zenith in the fourth volume with the crushing of Austria at Austerlitz in 1805, Prussia at Jena in 1806 and Russia at Friedland in 1807.

Includes the Napoleonic Wars Map Pack with over 155 maps and plans following the military career of Napoleon.
