Magical Monty Johanna Hurwitz

First grade is almost over, and Monty will soon be seven. He's now a big brother, too, which makes him feel very grown-up. But when he tries to use the magic set his grandmother gave him, he has a little trouble. Maybe the card trick would work if he were eight years old? Mother's Day is coming, and Monty wishes he had something better to give his mom than the picture frame he made out of ice-cream sticks at school. But how is he supposed to guess from the TV call-in ad how much flowers cost, or that you need a special card to get them? Whether involving his baby sister in his library project, losing a sneaker while marching with his karate class in the parade, or learning that an exciting afternoon isn't always a good thing, Monty's familiar adventures embody the gentle humor of everyday life.
