The official guide to SIMSOC, the dynamic group simulation game whose “potential for stimulating the learning process is staggering” (*Teaching Sociology*), in which players grapple with the challenge of governing society.

In SIMSOC, players confront issues like abuse of power, justice, diversity, trust, and leadership as they negotiate their way through labor-management strife, political turmoil, and natural disasters. Success or failure is dependent upon decisions made by players and the creativity of the group—and every game is a teaching tool.

To be successful, players must utilize every basic social process from cooperation and reward to threat and punishment. SIMSOC will make participants ask questions about social control, and bring everyday experience and deeper understanding to even the most arcane social and organizational theory.

Included in this Fifth Edition of SIMSOC's Participant's Manual are instructions for playing, materials for play, study questions based on participation, and selected readings about simulation games, leadership, and social processes. New to the Fifth Edition are additional size levels to accommodate groups of up to ninety participants with simplified rules and readings by authors from Nicholas Lemann to Robert Putnam.

**Kirsten Ferguson:**

As a student exactly feel bored in order to reading. If their teacher questioned them to go to the library in order to make summary for some book, they are complained. Just little students that has reading's soul or real their leisure activity. They just do what the professor want, like asked to the library. They go to there but

nothing reading significantly. Any students feel that reading is not important, boring and also can't see colorful pictures on there. Yeah, it is for being complicated. Book is very important in your case. As we know that on this era, many ways to get whatever we want. Likewise word says, ways to reach Chinese's country. Therefore , this SIMSOC: Simulated Society, Participant's Manual: Fifth Edition: Fifth Edition (Participant's Manual) can make you sense more interested to read.
