Muses, Madmen, and Prophets: Hearing Voices and the Borders of Sanity

Daniel B. Smith

Muses, Madmen, and Prophets: Hearing Voices and the Borders of Sanity Daniel B. Smith
An inquiry into hearing voices-one of humanity's most profound phenomena

Auditory hallucination is one of the most awe-inspiring, terrifying, and ill-understood tricks of which the human psyche is capable. In the age of modern medical science, we have relegated this experience to nothing more than a biological glitch. Yet as Daniel B. Smith puts forth in *Muses, Madmen, and Prophets*, some of the greatest thinkers, leaders, and prophets in history heard, listened to, and had dialogues with voices inside their heads. In a fascinating quest for understanding, Smith examines the history of this powerful phenomenon, and delivers a ringing defense of the validity of unusual human experiences.
