Picasso's War: The Destruction of Guernica and the Masterpiece that Changed the World Russell Martin

From best selling author Russell Martin comes a stirring account of the town that inspired one of the world's most celebrated and controversial works of art, the painting *Guernica*'s profound impact on the politics and culture of the 20th century, and the artist whose passion and artistic vision are unequaled in modern history.

On April 26, 1937 the German Luftwaffe began relentless bombing and machine-gunning of businesses, homes and villages to test a new type of warfare waged from the air, at the request of General Francisco Franco and his rebel forces. Three and a half hours later, the village lay in ruins, its population decimated. This act of terror and unspeakable cruelty - the first intentional, large-scale attack against a nonmilitary target in modern warfare - outraged the world, and compelled a Spanish painter to respond with artistic fury. Pablo Picasso, an expatriate living in Paris, reacted immediately to the devastation in his homeland by beginning work on the canvas that would become his testament against the horrors of war.

Weaving themes of conflict and redemption, doom and transcendence, and featuring some of the century's most memorable and infamous figures, Martin follows this renowned masterwork from its creation through its journey across decades, from many countries of Europe to America and finally and triumphantly to Spain. *Picasso's War* is a book that vividly demonstrates how vital art is to human lives and how sometimes it even transfigures tragedy, a story that delivers an unforgettable portrait of an artistic genius whose visionary rendering of the terrible wounds of war still resonates profoundly today.

Helen Massey:

As a university student exactly feel bored to be able to reading. If their teacher inquired them to go to the library or even make summary for some book, they are complained. Just tiny students that has reading's heart and soul or real their passion. They just do what the educator want, like asked to the library. They go to at this time there but nothing reading really. Any students feel that looking at is not important, boring in addition to can't see colorful pictures on there. Yeah, it is to get complicated. Book is very important for you. As we know that on this era, many ways to get whatever we would like. Likewise word says, ways to reach Chinese's country. So , this Picasso's War: The Destruction of Guernica and the Masterpiece that Changed the World can make you feel more interested to read.
