This is the Book which Government officials were looking for after 9/11 attacks on America. I began writing parts of it Almost 7 years later. The author tried to relay verbally this information to an F.B.I agent which told the Author to go drive a truck for money. The author reply was i know how to drive a truck. I been doing that since 1984. I did not go inside that office for money. I went inside that office to explain what happened to me and what i saw. But surely the F.B.I. cannot expect the Author like Idrid Machel to write for free. when the F.B.I. see those Alcada people on the video of the patrol units in the areas. How much money can the F.B. I pay the Author. It is what the Author learned driving that Truck before she went into the F.B.I. office.

The Book the men in Black searched for, where they would find proof of Alcada in America
I just say go see for yourself if it is True. then pay me my money
