## **Solid Waste Management and Recycling: Actors, Partnerships and Policies in Hyderabad, India and Nairobi, Kenya (GeoJournal Library)**

This book is for practising professionals and academics working in urban planning and international development: international project staff, trainers, urban development researchers and teaching staff in universities and polytechnics.

**Solid Waste Management and Recycling** is unique in that it:

- utilizes an 'integrated solid waste management perspective' in its analysis;
- provides embedded case study data;
- deals with both formal and informal actors and institutional arrangements in solid waste management and recycling;
- has chapters written by experts from the countries concerned (Kenya and India);
- can be used in graduate-level courses in urban development, urban management and planning, and technical engineering courses for students, project staff, and technical students.
