**Read it with a flashlight in the dark or under the table--and watch those fireflies glow!**

When a very lonely firefly goes out into the night searching for other fireflies, it sees a lantern, a candle, and the eyes of a dog, cat, and owl all glowing in the darkness. It even sees a surprise celebration of light. But it is not until it discovers other fireflies that it finds exactly what it's looking for.

Note: The book is not embedded with lights. Reading the book in the dark will make the fireflies glow.
