## Going Vintage Lindsey Leavitt

When Mallory discovers that her boyfriend, Jeremy, is cheating on her with an online girlfriend, she swears off boys. She also swears off modern technology. Inspired by a list of goals her grandmother made in 1962, Mallory decides to "go vintage" and return to a simpler time (when boyfriends couldn't cheat on you *online*). She sets out to complete grandma's list: run for pep club secretary, host a dinner party, sew a homecoming dress, find a steady, do something dangerous. But the list is trickier than it looks. And obviously finding a steady is out . . . no matter how good Oliver (Jeremy's cousin) smells. But with the help of her sister, she'll get it done. Somehow.

Lindsey Leavitt perfectly pairs heartfelt family moments, laugh-out-loud humor, and a little bit of romance in this delightful contemporary novel.
