**Stephen Biesty's Incredible Explosions (Stephen Biesty's cross-sections)** Stephen Biesty

How is a space ship put together? What is really going on in the ground under your feet? How does a windmill work? Taking its title from the first artwork in the book, an exploded view, the book goes on to present each subject in an unusual way. It may be cross-sectioned, viewed from a fish-eye perspective or illustrated inside-out to show what's going on. The pictures are accompanied by informative text which explains what is happening. A strange alien can be found in every scene.
