"Seeing Ghosts through God's Eyes" documents the explosive rise of interest in ghosts, and how this is affecting tens of millions of Americans concept of spirituality. Despite the fact that ghosts have become ensconced in our culture and contributed to the change in the spiritual landscape in the last few years, the church and media have taken a dismissive posture towards this issue. But the main focus of the book is to answer the question: do ghosts exist? Science, logic, and a biblical worldview are used to analyze this question—a unique methodology is employed which unearths evidence and issues never before discussed.
