## **The Seduction of Children: Empowering Parents and Teachers to Protect Children from Child Sexual Abuse** Christiane Sanderson

This highly accessible and informative book offers practical strategies for the protection of children that all parents, teachers, and anyone involved in the life of a child will find indispensable. Providing the reader with an understanding of typical/normative sexual development in children, Christiane Sanderson enables parents and teachers to distinguish this from atypical sexual development and recognize the warning signs of sexual abuse.

The more knowledgeable and comfortable teachers and parents are, the easier it is for them to understand and talk openly with children about sexual development - this book offers guidance on discussing appropriate and inappropriate touching/behaviours and the dangers of sexual abuse in an age-sensitive way. The author presents information about abusers and how to protect against their attempts to gain access to a child through grooming children, parents and other adults, including up-to-date information on the use of the Internet and mobile phones.

Armed with the accurate knowledge and practical guidance on child sexual abuse provided in this book, parents, teachers, and professionals will be able to confront the threat their children may face and take practical steps to protect against it.
