Mediterranean Cruise with the Cruise Addict's Wife All the information you could ever want on a ship is available online, or in the cruise line's brochures...stats, weights, where the ship was built, all those dry facts and figures. When we began dreaming about taking on the Mediterranean, my mind leaped right past all that. What I really wanted to know was how real people actually did the cruise planning. I wanted to know where did they go, and what did they do, and what did they like, what did they wish that they had done differently? What did they learn along the way, what did they enjoy the most, what do they wish they had not wasted time on? What I really wanted was to have a conversation with a whole bunch of people. That's it, I wanted a think tank of other cruisers, and I couldn't find one.
