More than half a century after Einstein first described the energetic unity of the world in his famous equation, E=mc², we are finally beginning to understand the spiritual and mystical implications of his discovery. **Sanctuary: The Path to Consciousness** is about the miraculous possibilities that emerge when we see the universe as a matrix of frozen light, the spiritual manifestation of our intuitive consciousnesses. In this remarkable novel, you will find a new energetic model of the body, the spirit, and the nature of the physical world. It points the way to unlimited possibilities of absolute, eternal transformation, and you will find out that it is readily available now! After reading this book, you too can take advantage of the techniques of energetic Quantum-Consciousness Evaluation, and be able to identify and remove subtle-energy imbalances to attain and integrate physical, emotional, and spiritual harmony!
