Imperial Legend: The Mysterious Disappearance of Tsar Alexander I Alexis S. Troubetzkoy

One of Russia's greatest emperors, beloved of his subjects for his many liberalizing works domestically and for his victory over the invincible Napoleon Bonaparte, Alexander I presumably died in 1825, at the age of 48. Ever since then, rumors have swirled that the young and vigorous Tsar, who carried within him a terrible secret, really faked his death to expiate an unpardonable sin, and spent the next 40 years as a starets, one of those holy men who in the 19th century wandered through Russia doing good works. The starets, brilliant and uncommonly erudite, was one Feodor Kuzmich. The author, who has spent over 20 years researching the legend, makes a compelling case that the great Alexander I and the humble starets were one and the same.

Skyhorse Publishing, along with our Arcade, Good Books, Sports Publishing, and Yucca imprints, is proud to publish a broad range of biographies, autobiographies, and memoirs. Our list includes biographies on well-known historical figures like Benjamin Franklin, Nelson Mandela, and Alexander Graham Bell, as well as villains from history, such as Heinrich Himmler, John Wayne Gacy, and O. J. Simpson. We have also published survivor stories of World War II, memoirs about overcoming adversity, first-hand tales of adventure, and much more. While not every title we publish becomes a *New York Times* bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.
