Affirming the Resurrection of the Incarnate Christ: A Reading of 1 John (Society for New Testament Studies Monograph Series) Matthew D. Jensen

The first letter of John is commonly understood to contain no reference to Jesus's resurrection. Matthew D. Jensen argues that, far from this being absent from the theology of 1 John, the opening verses contain a key reference to the resurrection which undergirds the rest of the text and is bolstered by other explicit references to the resurrection. The book goes on to suggest that the author and the readers of this epistle understand themselves to be the authentic Israel from which faithless Jews had apostatized when they denied that Jesus was 'the Christ' and left the community. Jensen's interpretation calls for a new understanding of the historical context in which 1 John was written, particularly the question of Jesus' identity from the perspective of his fellow Jews. An innovative and provocative study, of interest to scholars and advanced students of New Testament studies, Johannine theology and Jewish history.
