## Anciennes Cartes marines (French Edition) Donald Wigal

Au Moyen Âge, la navigation reposait sur un délicat équilibre entre art et science. Tout en respectant les usages et la prudence de leurs aïeux, les marins devaient compter sur leurs connaissances des étoiles, des vents, des courants et même des vols migratoires. Ils se servaient aussi de cartes peintes à la main, sommaires certes, mais merveilleusement bien dessinées. En suivant l'épopée des anciens navigateurs, d'Eric Le Rouge à Robert Peary, Donald Wigal nous conduit à la redécouverte des Nouveaux Mondes. Ce magnifique panorama de cartes datant du Xe au XVIIIe siècle, souvent « primitives » et parfois difficiles à comprendre, retrace les progrès de la cartographie et montre l'incroyable courage des hommes qui ont entrepris la conquête des mers avec des outils auxquels l'exactitude géographique faisait souvent bien défaut!
