Tini Largegarden- How I Heard It, Lived, Saw and Became again: Second edition Tini Largegarden

This book portrays the Life Story of Tini Largegarden. Already at a young age, I wondered who I was and what I was actually doing here. I was lucky that in those days, through my inner Child, I had subconsciously grasped hold of the Silent call of my lost First and Eternal Love, which I Heard in the music and in myself. To be able one day to melt together again with our lost Eternal Love was a priority that required taking the most innocent decision possible with each step in life. Together with my inner Child, then still subconsciously supported by our inner Grandmother (The Innocent Knowing), I started, the journey to Live this Eternal Fairy Tale, here and now. For the most part, the story takes place in the Netherlands in and around Amsterdam and in Spain in the vicinity of Barcelona. The different layers of society in which we move around, extend from the underworld to the Upperworld. We lived among the buccaneers in the Red Light District area for years and we even visited several lodges of the Rosicrucians for some time. Because we remained Faithful to The Innocent Knowing on this Journey, we gradually were allowed to See more and more, which after 33 years provided the union with our First True Love and by means of that, Became It again. For the outside world, I and my inner Child had always remained single and because of that, at the age of 35, we moved to a little village in Spain to try to melt together with an earthly human being and, with that, to be able to end the Story. This Story can be a guideline to transform your life, which mostly turns out to be a dead fairy tale that is finite, into an Eternal Fairy Tale. Besides, provided that you remain Faithful to The Innocent Knowing until your earthly death, this Eternal Fairy Tale has the Power to give and maintain True Eternal Youth, of which the earthly eternal youth is only a fallen copy.
