Illustrated Fonts is a compilation of some of today?s finest illustrated typographies, drawn by hand or composed digitally by world-renowned and emerging designers. A far cry from the standard typographies used in the past, these exciting and bold typography designs have the ability of attracting our attention in a world overloaded by garish ? and often aesthetically unappealing ? visual stimulants. Full-color images accompanied by explanatory texts offer readers the chance to explore a highly diverse range of styles that have been applied to a wide variety of uses. Whether it?s a poster for a party or an international marketing campaign, professional and amateur designers alike will be able to use this book as an indispensable tool for creating original and eye-catching fonts.

Solange Smith:

As a college student exactly feel bored for you to reading. If their teacher questioned them to go to the library or make summary for some publication, they are complained. Just very little students that has reading's internal or real their passion. They just do what the educator want, like asked to the library. They go to there but nothing reading significantly. Any students feel that examining is not important, boring as well as can't see colorful pictures on there. Yeah, it is to get complicated. Book is very important for you. As we know that on this period, many ways to get whatever we really wish for. Likewise word says, many ways to reach Chinese's country. Therefore , this Lettering: Beyond Computer Graphics can make you sense more interested to read.
