**The Book of Judges (Old Testament Readings)** Marc Zvi Brettler

*The Book of Judges* has typically been treated either as a historical account of the conquest of Israel and the rise of the monarch, or as an ancient Israelite work of literary fiction. In this new approach, Brettler contends that Judges is essentially a political tract, which argues for the legitimacy of Davidic kingship. He skilfully and accessibly shows the tension between the stories in their original forms, and how they were altered and reused to create a book with a very different meaning. Important reading for all those studying this part of the Bible.
