Debating Cultural Hybridity (critique influence change)

Debating Cultural Hybridity (critique influence change)

Why is it still so difficult to negotiate differences across cultures? In what ways does racism continue to strike at the foundations of multiculturalism?

Bringing together some of the world's most influential postcolonial theorists, this classic collection examines the place and meaning of cultural hybridity in the context of growing global crisis, xenophobia and racism.

Starting from the reality that personal identities are multicultural identities, *Debating Cultural Hybridity* illuminates the complexity and the flexibility of culture and identity, defining their potential openness as well as their closures, to show why anti-racism and multiculturalism are today still such hard roads to travel.
