First published in 1975, *A Remarkable Case of Burglary* tells of Val Leary, who is handsome, charming and broke. On the morning of April Fools' Day 1871, while walking through one of London's wealthiest districts, he notices a young maidservant scrubbing the steps of 53 Northbourne Park Villas. In that instant he conceives the idea for a remarkable case of burglary.

The set-up seems perfect, but chance intervenes in a succession of coincidences that place the jewels further and further beyond the reach of Val and his cronies - until...

Set in the Upstairs, Downstairs world of Victorian England, this is an ingenious and gripping tale by the acknowledged master of the English crime novel.
