**Dr. Burgess' Mini Marine Atlas** W. E. Burgess, Warren E. Burgess, Ray Hunziker

The only thing mini about Dr. Burgess's Mini-Atlas of Marine Aquarium Fishes is in its title. At almost a thousand pages and containing more than 1900 full-color photos, this book is big in size and value by any objective standard. The mini part of the title results only from the existence of the larger Dr. Burgess's Atlas of Marine Aquarium Fishes, the standard identification reference work in the field. Additionally, it contains a large (256 pages) section devoted to the setup and maintenance of marine aquariums. The fishes shown are indexed by both scientific and popular names for ease of reference.
