## **Foreign Aid and Foreign Policy: Lessons for the Next Half-century (Transformational Trends in Governance and Democracy)** Louis A. Picard, Robert Groelsema, Terry F. Buss

This timely work presents cutting-edge analysis of the problems of U.S. foreign assistance programs - why these problems have not been solved in the past, and how they might be solved in the future. The book focuses primarily on U.S. foreign assistance and foreign policy as they apply to nation building, governance, and democratization. The expert contributors examine issues currently in play, and also trace the history and evolution of many of these problems over the years. They address policy concerns as well as management and organizational factors as they affect programs and policies. "Foreign Aid and Foreign Policy" includes several chapter-length case studies (on Iraq, Pakistan, Ghana, Haiti, and various countries in Eastern Europe and Africa), but the bulk of the book presents broad coverage of general topics such as foreign aid and security, NGOs and foreign aid, capacity building, and building democracy abroad. Each chapter offers recommendations on how to improve the U.S. system of aid in the context of foreign policy.
