Military Ghosts Alan C. Wood

Following several personal sightings of ghosts, including that of a First World War pilot, Alan Wood has spent sixty years researching the occult.

Military Ghosts is the result and is designed as a gazetteer of locations where military ghosts have been reported. It includes not only such well-known stories as that of Sir Francis Drake's Drum but a wide variety of stories, ranging from a patrol of ghostly Roman legionnaires to a fully-fledged reenactment of the Battle of Edgehill, and from benevolent spirits to one so terrifying that witnesses have committed suicide rather than face it, through the spirits of seventeenth-century cavaliers to the more modern ghosts of fighter pilots from the First and Second World Wars.

This book covers soldiers, sailors, and airmen, and a wide range of locations not only in the U.K. but also overseas.
