In Maine: Essays on Life's Seasons John N. Cole

Collection of essays by the late John N. Cole. Cole writes with passion about his life, the outdoors and the glorious rhythms of nature. Originally released in the 1970s and unavailable for two decades, this revised Islandport Press edition features new essays and photographs.

For decades, John Cole wrote with passion about his life, the outdoors and the glorious rhythms of nature. In Maine, like all his essays and books, draws deep from his lifelong partnership and his fascination with the natural world from commercial fishing in the waters off Long Island, New York to chasing stripers in Casco Bay, Maine, to quietly observing the shifting winds that roll across the local meadow and the annual change of seasons, a ritual he finds exhilarating. "Few realities life can muster are capable of destroying the zest and richness of September and October in this northeast," he writes.

Cole has gained insight and contemplated potential lessons during his journey. He notes the changes that have come to the world and those that are coming. And he laments the basics of nature that too often pass unnoticed today, but remain important parts of our past and possibly our future. "Men cannot live without knowing... knowing which way the wind blows, which way the rain falls, how the sea surges, the land lives and the forest dies." To do so, he says, is unnatural.

In Maine, originally published in 1974 and available again for the first time in 25 years, features essays that appeared in the *Maine Times* during its formative years but remain as fresh and insightful as ever. The revised edition also includes new essays that sparkle with the same energy and enthusiasm as Cole's earlier work.

Elvis Quinlan:

Spent a free the perfect time to be fun activity to perform! A lot of people spent their down time with their family, or their friends. Usually they carrying out activity like watching television, gonna beach, or picnic within the park. They actually doing ditto every week. Do you feel it? Will you something different to fill your free time/ holiday? May be reading a book might be option to fill your free of charge time/ holiday. The first thing that you will ask may be what kinds of e-book that you should read. If you want to consider look for book, may be the e-book untitled In Maine: Essays on Life's Seasons can be excellent book to read. May be it might be best activity to you.

Marie Clemmer:

As a pupil exactly feel bored to reading. If their teacher asked them to go to the library or even make summary for some e-book, they are complained. Just small students that has reading's heart and soul or real their hobby. They just do what the educator want, like asked to go to the library. They go to presently there but nothing reading significantly. Any students feel that reading is not important, boring and also can't see colorful photographs on there. Yeah, it is being complicated. Book is very important for you personally. As we know that on this period of time, many ways to get whatever we want. Likewise word says, ways to reach Chinese's country. So , this In Maine: Essays on Life's Seasons can make you experience more interested to read.
